

Year 8 Extension Maths and Science Program

Due to high demand for our AMSCO program, we have created an Extension Maths and Science class.

Our award-winning AMSCO Maths and Science program for Year 8 students is now full.

Due to unprecented demand for our AMSCO program, we have created a Year 8 Extension Maths and Science program. Students in this program:

- have better than average grades
- have a proven work ethic
- have good behavior.

Students in this program will follow the AMSCO curriculum. If space becomes available in the AMSCO program at some time in the future, successful students from this program may be offered a place in the AMSCO program.

If you are interested in learning more about our Year 8 Extension Maths and Science program, contact Rex Boggs on 49 230 335 during school hours or via email at wbogg1@eq.edu.au
